
Highways & Environmental Improvement Scheme

ADELPHI QUARTER

Information letter

To the Occupier

As part of the CIVITAS SUCCESS European project in Preston and South Ribble you were contacted last year to ask for your views about what would encourage you to make more journeys on foot or by bike in your local area. We listened to what you had to say about traffic and road safety issues and have drawn up a scheme for the area. This scheme will address many of the issues raised from the community, including reducing traffic levels and making the area more attractive for pedestrians and cyclists.

The County Council, together with its partners, Preston City Council and the University of Central Lancashire have appointed a contractor to carry out the improvement works in the area:

Contractor s details and contact information:-

Paul Smith (Site Agent)

Barhale Construction plc

3 Bridgewater Court, off Barsbank Lane,

Lymm

Cheshire.

WA13 0ER.

Tel: 01925 752001

Fax: 01925 752 107

e-mail: info@barhale.co.uk

Lancashire County Council will also have a representative on site to supervise the work and take any comments you may have.

Lancashire County Council
Environment Directorate
Sadik Awda
Roads Division,
Winckley House,
Cross Street,
Preston. PR1 8RD

Tel: 01772 534644
e-mail: hcmailbox@env.lancscc.gov.uk

To ensure there is as little disruption as possible to road users and pedestrians the work will be carried out during the University vacation period. Works will start on 11 June 2007 and will continue for approximately six months.

Access to properties will be maintained where possible throughout the works and the Police, Fire, Ambulance Service and local bus operators have been kept informed.

This scheme will make the Adelphi area a more attractive, vibrant area to be in and will help to reduce the number of accidents that have occurred in the past. Every effort will be made to keep disruption to a minimum during the construction period.

Should you wish to discuss site conditions or daily operations please do not hesitate to contact this office or the site staff.

Yours faithfully

Stuart Wrigley
Director of Strategic Planning & Transport
