Lathom High School-Definitive Map Modification Order

Dear Claire,

I refer to your letter dated 7th. November to Gary Jones, which has been passed to me for attention. I would object to the creation of a new restricted byway in the position indicated on the plan attached to your letter on the grounds that its creation would adversely affect the development potential and future value of the County Council's landholding at Lathom High School.

I have looked at historic OS maps and aerial survey photographs and there was a roadway leading from Stormy Corner to Summer Street which would have passed directly through the centre of the High School buildings. This road must have been closed or diverted when the High School was built so there must be some record of the closure or diversion orders, which may throw some light on the reason why this access route exists. Please give me a call if you wish to discuss further.

Kind Regards,
Mike.

RE: Lathom High School

Hi Joanne,

The objections remain the same as you submitted on our behalf at the first hearing.

The barriers were installed after a near miss, which is recorded and has been submitted as CCTV evidence. The path is virtually equidistant around the school, with the start and end points being exactly the same. To allow the path at the back of school to be altered puts all staff and students at risk of illegal motorbikes and cars entering the school site, again you have seen CCTV footage of this.

Do you want to take the notes from the first hearing or do you want something more official.

Can I call you?

Hi Jan,

Objections should be sent to myself.

Thanks,

Jo

Subject: Lathom High School

Hi Joanne,

I have spoken to you a couple of times regarding the addition of a public right of way at the back of school.

Notices have now been published confirming the modification order, objections to which have to be made by the 9 August, do I do this through yourself or independently.

Thanks

Jan
