

**NOTICE OF PROPOSAL
LANCASHIRE COUNTY COUNCIL
(CARR HOUSE LANE AND LIVERPOOL ROAD,
BRETHERTON, CHORLEY BOROUGH) (BUS STOP
CLEARWAYS)**

NOTICE IS HEREBY GIVEN that Lancashire County Council propose the following:

- 1) Remove a bus stop in Liverpool Road, Bretherton, the west side, at a point 258 metres south of its roundabout junction with Carr House Lane.
- 2) Introduce a Bus Stop Clearway at any time (the effect of which will be to prohibit the stopping of vehicles) in the following lengths of road:
 - a) Carr House Lane, Bretherton, the north east side, from a point 55 metres south east of its roundabout junction with Liverpool Road, Much Hoole for a distance of 23 metres in a south easterly direction;
 - b) Carr House Lane, Bretherton, the south west side, from a point 49 metres south east of its roundabout junction with Liverpool Road, Bretherton for a distance of 27 metres in a south easterly direction;
 - c) Liverpool Road, Bretherton, the east side, from a point 245 metres south of its roundabout junction with Carr House Lane for a distance of 37 metres in a southerly direction;
 - d) Liverpool Road, Bretherton, the west side, from a point 338 metres south of its roundabout junction with Carr House Lane for a distance of 23 metres in a southerly direction.

Statement of Reasons

The purpose of these proposals are to improve bus services in the area as part of the wider Bus Service Improvement Plans (BSIPS).

The proposals aim to improve bus stop facilities to Equality Act (2010) standards by introducing raised boarding areas to improve passenger accessibility and bus stop clearways to allow buses to arrive and depart safely and allow effective enforcement.

It is also proposed to relocate the existing northbound bus stop on the A59 Liverpool Road. The proposed relocation is as a consequence of a proposed pedestrian refuge island and surfaced footway both of which aim to enhance connectivity and safety. Maintaining the existing location along with a conveniently located pedestrian refuge island would impede visibility and safe passing opportunities.
