Dear Paul

Re: Local Highway Maintenance Challenge Fund bid: Retaining Walls

Further to our recent telephone conversation I am writing to confirm that Burnley Borough Council supports LCC's bid for funding to undertake works to essential Retaining Walls across Pennine Lancashire including in Burnley. Many retaining walls in the area were built in the 18th Century and maintenance is required to ensure that the highway network continues to support housing and economic growth.

Yours sincerely

Kate Ingram
Strategic Head of Economy and Growth
