2. INTRODUCTION AND BACKGROUND

2.1 Introduction to the Authority

Lancashire County Council is the fourth largest Local Authority in England and Wales and employs approximately 35,000 staff. It serves a population of 1.1 million which is rich in cultural diversity, and covers an area of 3,070 sq. km.

Further information about Lancashire County Council can be found at:

<http://www.lancashire.gov.uk>

The Authority is conducting the procurement using a Dynamic Purchasing System procedure in accordance with the requirements of the Public Contracts Regulations 2015 (*SI 2015/102*) (PCR 2015) for the purpose of procuring the Goods detailed in Paragraph 2.3.

This ITP contains further information about the procurement process, the Goods, and assessment questions for Applicants to complete. Each Applicant's response (**Application**) should be detailed enough to allow the Authority to make an informed selection.

2.2 Dynamic Purchasing System

The Authority is establishing a Dynamic Purchasing System (DPS) on the terms set out in this ITP for the supply, delivery and collection of Asphalt, Aggregates and Concrete throughout the county of Lancashire.

A DPS is an open arrangement which is completely electronic offering a flexible procurement solution to purchase Goods where Applicants can apply to join the DPS at any time during its term. There is no limit on the number of suppliers who can be admitted to the DPS.

All activity, including Applications to join the DPS, the issuing of, and responding to Invitations to Tender (mini-competitions) will be conducted through the Authority's electronic tendering (e-tendering) system, the Oracle Fusion Supplier Portal:

<https://www.lancashire.gov.uk/isupplier/>

A DPS comprises two stages:

- **Stage 1: Application to Join the DPS**

Organisations (**Applicants**) wanting to join the DPS are required to complete and submit the documents listed in Paragraph 4.1. Applications are evaluated in accordance with the Application Criteria stated in ITP Appendix 4, those which pass are admitted to the DPS and subject to signing the DPS Agreement, become eligible Providers to participate in Stage 2, those which fail will not be admitted to the DPS however the Applicant is able to complete and submit a new Application for evaluation at any time during its term.

- **Stage 2: Award of Contracts**

This stage is commonly referred to as the 'mini-competition' stage. Eligible Providers (those admitted to the DPS and have signed the DPS Agreement) are invited to participate in an Invitation to Tender (ITT) to bid for Goods as and when the Authority has a requirement.

Invitations to Tender will be issued electronically through the Authority's electronic tendering (e-tendering) system, the Oracle Fusion Supplier Portal. The response time in which eligible Providers will be asked to submit their response will be clearly stated in each ITT, the period set for the return will depend on the nature of the requirement and will be one of the following:

- A response time of twenty-four (24) hours from issue
- A response time of forty-eight (48) hours from issue
- A response time of five (5) working days from issue
- A response time of ten (10) working days from issue

Tender submissions will be evaluated against the Award Criteria stated in ITP Appendix 4 and following the outcome of the evaluation a Contract (Purchase Order) is awarded to the winning bidder.

2.3 Scope of the DPS

This DPS is being established for Lancashire County Council, Highway Services who provide a range of countywide services including highway construction, maintenance and repair, provision and maintenance of street lighting, flood risk management, parking services, and highways inspection.

The DPS is divided into three individual categories for the supply, delivery and collection of key Goods required by the Highway Services. The categories are:

Category 1 - Asphalt

Category 2 - Aggregates

Category 3 - Concrete subdivided into:

3.1 Concrete which is mixed in a Batching Plant

3.2 Concrete which is mixed on site (volumetric)

Suppliers can apply for one or more categories, and there is no restriction on the number of categories which a supplier can be appointed to. As per Paragraph 2.2 under Stage 2 of the DPS, individual Invitations to Tender (mini-competitions) will be issued to the pool of suppliers that are appointed to each Category as and when the Authority has a requirement.

2.4 Value of the DPS

Category 1 - Asphalt: spend is estimated between £7m and £9m per annum.

Category 2 - Aggregates: spend is estimated at £350k per annum.

Category 3 - Concrete: spend is estimated at £450k per annum, the split between sub-category 3.1 and 3.2 is not known.

Note: details of value or potential future uptake is given in good faith to assist you in submitting your Application to join the DPS. They should not be interpreted as an undertaking that this will be the value of the Goods and do not form part of the DPS Agreement.

2.5 DPS Term

The initial term of the DPS is two years, after such time the Authority may extend the DPS by a further period or periods up to no later than the 27th October 2028.

The anticipated start date of the DPS is 31st July 2024.

2.6 Purpose and scope of this ITP

This ITP:

- Asks Applicants to submit their Application in accordance with the instructions set out in the remainder of this ITP.
- Sets out the overall timetable and process for the procurement to Applicants.
- Provides Applicants with sufficient information to enable them to submit a compliant Application (including providing templates where relevant).
- Sets out the Application Criteria that will be used to evaluate Applications.
- Sets out the DPS Agreement and the Call-off Terms and Conditions.
- Explains the administrative arrangements for the receipt of Applications to join the DPS and subsequent Tenders.

2.7 Use of DPS by third parties

Lancashire County Council is the only Authority that can use this DPS.

2.8 Clarifications about the DPS or the ITP

Any clarifications relating to the DPS, or the ITP must be submitted through the e-tendering portal as set out in Paragraph 4.1.

The Authority will respond to all reasonable clarifications as soon as possible and without revealing their identity, will publish the sender's question and the Authority's response.

General clarifications which relate to the DPS, or the ITP will be available in the document entitled "FAQs" and displayed under the tender opportunity on the Authority's website:

<https://www.lancashire.gov.uk/business/tenders-and-procurement/tenders/>

If the sender wishes the Authority to treat a clarification as confidential and not issue the response to all potential Applicants, it must state this when submitting the clarification. If, in the opinion of the Authority, the clarification is not confidential, the Authority will inform the sender who will have the opportunity to withdraw it. If the

clarification is not withdrawn, the anonymised response will be issued to all potential Applicants.

The deadline for receipt of clarifications relating to the DPS or the ITP is set out in Paragraph 3.1. Potential Applicants are advised not to rely on communications from the Authority in respect of the DPS or the ITP unless they are made in accordance with these instructions.

2.9 Clarifications about the contents of the Application

The Authority reserves the right (but is not obliged) to seek clarification of any aspect of an Applicant's Application during the evaluation phase where necessary for the purposes of carrying out a fair evaluation.

Applicants are asked to respond to such requests promptly. Vague or ambiguous answers are likely to score poorly or render the Application non-compliant.

2.10 Prevent Duty for Local Authorities

The Applicant will have due regard to the need to prevent people from being drawn into Terrorism in line with the 'Prevent Duty for local authorities' within the Counter Terrorism and Security Act 2015. For further information, refer to this link.

<https://www.gov.uk/government/publications/prevent-duty-guidance>

2.11 Supplier Incentive Scheme (SIS)

The Authority has undertaken an in-depth analysis of their purchase to pay processes in order to optimise them to drive efficiencies and provide additional benefits to our suppliers. As a result of these investments the Authority are able to offer an enhanced service to our key suppliers through their Procurement, Finance and Accounts Payable departments. Applicants are, therefore, offered the opportunity to join the Supplier Incentive Scheme (SIS).

The benefits to your company are:

- ✓ Improved cash flow through early payment of invoices – the target is to pay 10 days after receipt of invoice
- ✓ Increased process efficiency via e-invoicing
- ✓ Dedicated processing and query resolution
- ✓ Enhanced channels of communication due to an improved P2P process
- ✓ Enhanced client satisfaction focusing on service delivery rather than transactional performance

The improvements in the P2P processes allow the Authority to pay your invoices early. In return for paying ahead of the Authority's standard 30 day terms, a small rebate is deducted. The rebate is calculated dynamically and is proportionate to the number of days we accelerate your payment (the number of elapsed dates between the receipt of your invoice and the date it is paid). See Rebate Table set out in Schedule 3 of the

Call-off Terms and Conditions of the DPS Agreement. The rebate is only applied if payment is made ahead of terms.

Please note the payment date is the date the payment leaves the Authority's bank account and not the date it is received in the Tenderer's bank account.

Participation in the Lancashire Supplier Incentive Scheme is optional. However, any offers to participate will be evaluated as part of the tender price evaluation (see ITP Appendix 4). More details on the Lancashire Supplier Incentive Scheme are available on request. The sample Supplier Participation Agreement is set in Schedule 3 of the Call-off Terms and Conditions of the DPS Agreement.

Applicants must complete the Declaration of Intent set out in ITP Appendix 3 even if they do not participate in the SIS. If an Applicant does not wish to participate in the SIS they must indicate this in the Declaration of Intent by completing the relevant box. The Declaration of Intent forms part of the evaluation process. Failure to return will invalidate the Application.

The Authority reserves the right to refine or remove individual features and benefits of the Scheme according to specific circumstances and at any time.

In the case of the sole trader, he should sign the Form of Tender and give his name in full together with the name under which he is trading.

4.2 Word Limits

The Authority reserves the right to set a limit to the size of an Applicant's response to any question in the Selection Questionnaire (ITP Appendix 2) by setting a maximum limit to the number of words per question response. Where a limit is set, this will be indicated in the question.

Applicants are reminded that undefined or unclear abbreviations may render their response ambiguous and unable to achieve a higher score that might otherwise have been awarded.

In circumstances where the word limit has been exceeded the Authority reserves the absolute discretion to take such action as it deems appropriate and proportionate which may include curtailing responses to the published word limit (and discarding the remainder) or disqualification of the Application in its entirety.

Where it appears that an Applicant has tried to gain an unfair advantage and distort competition the subsequent Application may be deemed non-compliant. Any non-compliant Application may be excluded from the evaluation process.

4.3 Submission of Applications

Each Applicant:

- Must submit one Application and indicate in the Selection Questionnaire (ITP Appendix 2) the Category/Categories the Applicant wishes to be admitted to and participate in the individual Invitations to Tender (mini-competitions) which are issued at Stage 2 of the DPS.

4.4 DPS Agreement Terms

The DPS Agreement that the Authority proposes to use is published with this ITP. By submitting an Application, Applicants are agreeing to be bound by the terms of this ITP and the DPS Agreement without further negotiation or amendment.

The Authority **cannot** accept any qualifications to this ITP and the DPS Agreement. A qualification is a restriction or condition which the Applicant attaches to their Application. Any qualifications recorded in the submitted Application documentation will result in your Application being disqualified.

All requests for clarification on any terms and conditions within this procurement must be made in writing in accordance with Paragraph 4.1. All requests for clarification must be made prior to the deadline for receipt of clarifications as outlined in the Timetable at Paragraph 3.1. The Authority will consider whether any amendment to the terms

and conditions is required. Any amendments shall be published through the Clarifications Log and shall apply to all Applicants.

No requests for clarifications can be made after the deadline for receipt of clarifications has passed.

4.5 Documents forming the DPS Agreement

The following documents shall form part of the Agreement between the Authority and the successful Applicant:

- DPS Agreement and its Schedules
- Invitation to Participate

4.6 Form of Participation

The Authority requires all Applicants to identify whether and which subcontracting or consortium arrangements apply in the case of their Application, and in particular specify the share of the Contract it intends to sub-contract, any proposed sub-contractors, and precisely which entity they propose to be the Goods Provider.

Simultaneous Competition

Where an Applicant is affiliated to more than one bidding model for example; Consortia, Subcontracting arrangements, Special purpose vehicles, or as an Individual Applicant, then the Applicant is under an obligation to ensure that such arrangements do not detract from its ability to service any contracts awarded in the event that it is successful in being admitted under more than one bidding model.

Consortia and Subcontractors

For the purposes of this ITP, the following terms apply:

- **Subcontracting arrangement.** Groups of companies come together specifically for the purpose of bidding to be admitted as the Goods Provider, but envisage that one of their number will be the Goods Provider, the remaining members of that group will be subcontractors to the Goods Provider:
 - Essential subcontractors must individually complete Parts 1 and 2 of the Selection Questionnaire (ITP Appendix 2). Notwithstanding that the Applicant will submit a composite response on behalf of all parties to Part 3 of the Selection Questionnaire, satisfactory responses must be received in respect of essential subcontractors in order for the Application to proceed to the evaluation stage.
- **Consortium arrangement.** Groups of companies come together specifically for the purpose of bidding to be admitted as the Goods Provider. It is recognised that the Applicant need not necessarily be a single economic operator and that Applicants may wish to partner up to jointly provide the Goods required. Please note the same expectations will be placed on the consortium as a single Goods

Provider. The Authority will consider Applications from consortia with the following caveats:

- The Authority will only contract with one lead member or special purpose vehicle, who will need to be identified in Question 1.2 of Section 1 of the Selection Questionnaire (ITP Appendix 2);
- All consortium members will have joint and several liability – each member is responsible for the actions and omissions of each other;
- In the event of a consortium bid all members must be named and the Authority reserves the right to approve the contractual relationship between the consortium members including but not limited to any applicable dispute resolution procedure;
- Payments will be made by the Authority to the lead member only. The lead member is then responsible for administering payments to the rest of the consortium members;
- The performance of any consortium member will affect and apply to the entire consortium. Poor performance is the responsibility of the consortium and the Authority may issue sanctions against the consortium based on the actions of one member;
- Each member of the consortium must individually complete Parts 1 and 2 of the Selection Questionnaire (ITP Appendix 2). Notwithstanding that the lead member of the consortium will submit a composite response on behalf of all consortium members to Part 3 of the Selection Questionnaire, satisfactory responses must be received in respect of all consortium members in order the consortium to proceed to the evaluation stage.
- Part 3 of the Selection Questionnaire must be completed by the lead member of the consortium on behalf of all consortium members.

4.7 Warnings and disclaimers

While the information contained in this ITP is believed to be correct at the time of issue, neither the Authority, its advisors, nor any other awarding authorities will accept any liability for its accuracy, adequacy or completeness, nor will any express or implied warranty be given.

This exclusion extends to liability in relation to any statement, opinion or conclusion contained in or any omission from, this ITP (including its appendices) and in respect of any other written or oral communication transmitted (or otherwise made available) to any Applicant. This exclusion does not extend to any fraudulent misrepresentation made by or on behalf of the Authority.

This ITP is made available on condition that its contents (including the fact that the Applicant has received this ITP) is kept confidential by the Applicant and is not copied, reproduced, distributed or passed to any other person at any time, except for the purpose of enabling the Applicant to submit an Application.

As a public body, the Authority is subject to the provisions of the Freedom of Information Act 2000 (FOIA) in respect of information it holds (including third-party information). Any member of the public or other interested party may make a request for information.

Applicants should be aware that, in compliance with its transparency obligations, the Authority routinely publishes details of its contract(s), including the contract values and the identities of its suppliers on its website without consulting the provider of that information.

The Authority shall treat all Applicants' responses as confidential during the procurement process.

Requests for information received following the procurement process shall be considered on a case-by-case basis, applying the principles of FOIA, which permits certain information to be withheld, for example where disclosure would be prejudicial to a party's commercial interests, and in accordance with the Authority's transparency obligations.

Therefore, Applicants are responsible for ensuring that any confidential or commercially sensitive information, the disclosure of which would be likely to diminish the Applicant's competitive edge, has been clearly identified to the Authority in the template provided at Schedule 6 of the Call-of Terms and Conditions of the DPS Agreement.

4.9 Publicity

No publicity regarding the Goods or the award of any Contract will be permitted unless and until the Authority has given express written consent to the relevant communication. For example, no statements may be made to the media regarding the nature of any Application, its contents or any proposals relating to it without the prior written consent of the Authority.

4.10 Applicants conduct and conflicts of interest

Any attempt by Applicants or their advisors to influence the award process in any way may result in the Applicant being disqualified. Specifically, Applicants shall not directly or indirectly at any time:

Applicants are responsible for ensuring that no conflicts of interest exist between the Applicant and its advisers, and the Authority and its advisers. Any Applicant who fails to comply with this requirement may be disqualified from the procurement at the discretion of the Authority.

The use of a bid writer or similar service does not alleviate any requirement set out in this section. Where a bid writer or similar service is used the Applicant must take all reasonable steps to prevent the distortion of competition or conflicts of interest arising. As such Applicants may have a preference for services that offer exclusivity in the context of this procurement exercise.

4.11 Authority's rights
