

## Health and safety at the site questionnaire

The Inspector will visit the site and will need to know what safety equipment and protective clothing to bring. The following questions indicate the type of information the Inspector will need about the site and any land or building that the Inspector will need to enter. Please supply any additional information on a separate sheet of paper.

1. Is the site uneven or does it present any other known risks? Is special footwear or any other Personal Protection Equipment required, and will this be supplied at the site?

The route runs to the rear of a row of terraced houses on Norman Road. Access is available from either end (point A and point B on the Order Map) but is obstructed by garden fencing (with gates) at the rear of 10 Norman Road. The route may be overgrown and some fly tipping may be present from point B.

2. Is there any likelihood of exposure to pets or other animals which may present a risk to the safety of the Inspector?

It is possible that pets may be encountered as this is an urban area but there are no known risks.

3. Is the site remote and/or can it be seen from other occupied buildings/property/public land/roadside?

The site is not remote

4. Does the site have a good mobile phone signal or is there easy access to a public telephone should the emergency services be required?

There is good mobile phone signal from the route.

5. Are there any areas that require specialist equipment or training for access – any confined spaces?

No

6. Are there any dangerous pieces of equipment or substances stored at the location?

None have been identified.

7. Is there any likelihood of exposure to chemicals, asbestos, radiation or are there any other risks, requiring the use of Personal Protection Equipment, which may affect the health & safety of the Inspector? (Asbestos is referred to directly as it was present in buildings built before it was banned in 1977).

None have been identified.

8. If there is any other relevant information which the Inspector should be aware of that is not covered in this questionnaire?

Street parking is available at either end of the Order route.
