No matter the phase or school setting, it is the quality of teaching that can make the biggest difference to children's learning and to their ultimate success in school... Ensuring that teachers are provided with high quality PD is therefore crucial in improving pupil outcomes.'

Secondary

Behaviour

**Catherine
Reeves**

Catherine has over 20 years of secondary senior leadership experience with the last 12 years as a Headteacher and Head of School. She has worked across three neighbouring local authorities and in a range of contexts.

Catherine has wide-ranging experience in local secondary schools from schools facing challenging circumstances to those graded “outstanding”; from fully comprehensive settings to selective grammar schools.

With a particular focus on behaviour for learning and inclusion, Catherine is experienced in working with leadership teams to develop and enhance provision. She has led on this area of school improvement in a range of high schools and has a wealth of experience in school-to-school support, professional learning and development.

With a strong background in SEND provision and support, Catherine has also worked with schools to establish and develop both in-school and alternative provision. Committed to a coaching approach, Catherine has also led on a range of NPQ programmes as well as facilitating research-informed leadership training and development for teaching and support staff.

As a recent school leader and experienced DSL, Catherine understands the current challenges facing schools in relation to securing excellent behaviour for learning, pastoral care and student support.

English and Literacy

**Katy
McWean**

Prior to taking on the role of Lancashire Secondary Consultant for English and Literacy, Katy worked as a English teacher for nearly twenty-three years in a large successful English department in a 11-18 school, working as Head of English for twelve of those years and a variety of significant leadership roles prior to this. Katy is vehemently passionate about her subject, and prides herself on her excellent working relationships based on trust and mutual respect.

As a highly experienced English practitioner, Katy's consultant role primarily involves providing bespoke support for English departments according to need, running English training courses and hosting termly English subject leader meetings. Katy is particularly proud that feedback from such sessions is consistently excellent. Typical delegate comments from recent courses include: 'Fantastic ...I have taken so much from it.', 'really useful and thought provoking' course, and 'I really enjoyed the session'.

Outside of work, when not watching her beloved Liverpool Football Club, Katy loves nothing better than curling up with a good book; however, if you were to ask her what is her favourite, she would not be able to tell you – she has far too many!

Mathematics

**Kate
Griffiths**

Kate has a first-class degree in Pure Mathematics from the University of Liverpool. She began her teaching career in 2013, teaching across all key stages in a successful 11-18 secondary school in St Helens. She then joined a high performing FE college in Lancashire, where she taught predominantly A level maths, before becoming course leader for the GCSE resit course and developing a specialism in this area. During this time, she had responsibility for cross-college numeracy, became an SLE and accredited professional development lead, as well as completing her master's degree in teaching and learning. Kate worked on the Centres for Excellence in Maths (CfEM) project from its inception in 2018 to conclusion in March 2023. She developed mastery techniques and contextualisation in GCSE mathematics, as well as carrying out extensive research into mindset and motivation of GCSE resit students, maths anxiety and confidence building techniques. She has presented her research and led workshops at several national conferences.

Kate has a reputation for providing meaningful support to colleagues across FE in the North West and is now looking forward to working with secondary colleagues in her new role as secondary maths consultant.

Science

**Andy
Pearson**

Andy is our secondary science and learning and teaching consultant, having been appointed to the role in September 2018. Andy has significant classroom experience, having taught Biology, Chemistry and Physics for 23 years in a Lancashire secondary school. Andy has also been an advanced skills teacher working within and across county by supporting colleagues in science departments at all levels.

Having also been Lead Practitioner for Learning and Teaching for a number of years, Andy has developed a wide ranging expertise in learning and teaching strategies, both pedagogical and subject specific. Andy uses this expertise to support individual teachers, small teams of teachers and whole school staff professional development.

Andy is a proud Preston North End football fan and an even prouder husband to Julie and father to Jessica and Ellie.

Curriculum design for PSHE needs to consider the local area; identified needs from health data; the values and ethos of school and much more.

Recording of PSHE needs to be able to capture evidence of a broad and balanced topic coverage but be able to demonstrate learning.

Assessment of PSHE needs to demonstrate the learning that has taken place and reflect how the learning is preparing pupils for their lives in Modern Britain.

PSHE underpins much of the teaching and learning in other subjects as well as feeding into the wider personal development programme provided by schools.

An SLA allows individual school support to identify strengths in PSHE and personal development, and action plan how to take the school forward effectively in line with the statutory requirements for RSE and Health Education.

What the Service Level Agreement includes for schools:

- Up to half a day consultancy visit with PSHE leads, personal development leads or curriculum leads.
- A paid-for-place per school for 3x termly network meetings held across the county or online.
- *NEW* A termly newsletter for SLA schools which focuses on local updates, signposting, case studies, good practice and more!
- Inclusion on a mailing list for sharing new resources, events and key messages.
- Ongoing email and telephone support for schools to answer queries.
- Access to various documents, policy templates, sample lesson plans etc.
- Online booking system for visits to make it easier to find a time that suits school.

Cost £495 per year (running on the fiscal calendar)
