

Health and safety at the site questionnaire

The Inspector will visit the site and will need to know what safety equipment and protective clothing to bring. The following questions indicate the type of information the Inspector will need about the site and any land or building that the Inspector will need to enter. Please supply any additional information on a separate sheet of paper.

1. Is the site uneven or does it present any other known risks? Is special footwear or any other Personal Protection Equipment required, and will this be supplied at the site?

Order route located in an urban setting and can be viewed from public highways (Ranglet Road and Kellet Lane). Awareness of vehicular traffic on roads required but no specialist equipment or footwear necessary. Parts of Order route accessible along edge of a carpark (Order route B-C) and start of route at point A on Kellet Lane but route A-B largely overgrown, fence prevents access at point B and part of the route A-B obstructed by a small wooden shelter. Car parking available on Ranglet Road but busy industrial area with a lot of large lorries and other parked cars. No parking on Kellet Lane close to point A and busy road so advisable to park on Ranglet Road and walk round to point A following red route marked below:

2. Is there any likelihood of exposure to pets or other animals which may present a risk to the safety of the Inspector?

None known.

3. Is the site remote and/or can it be seen from other occupied buildings/property/public land/roadside?

The site is not remote.

4. Does the site have a good mobile phone signal or is there easy access to a public telephone should the emergency services be required?

Good mobile coverage on all networks is available.

5. Are there any areas that require specialist equipment or training for access – any confined spaces?

No.

6. Are there any dangerous pieces of equipment or substances stored at the location?

None known.

7. Is there any likelihood of exposure to chemicals, asbestos, radiation or are there any other risks, requiring the use of Personal Protection Equipment, which may affect the health & safety of the Inspector? (Asbestos is referred to directly as it was present in buildings built before it was banned in 1977).

Not aware of any.

8. If there is any other relevant information which the Inspector should be aware of that is not covered in this questionnaire?

It is not possible to walk the Order route due to the existence of fencing.
