

Health and safety at the site questionnaire

The Inspector will visit the site and will need to know what safety equipment and protective clothing to bring. The following questions indicate the type of information the Inspector will need about the site and any land or building that the Inspector will need to enter. Please supply any additional information on a separate sheet of paper.

1. Is the site uneven or does it present any other known risks? Is special footwear or any other Personal Protection Equipment required, and will this be supplied at the site?

The Order route is quite long (at least 2.5 km walk required to travel both ways along it) and the gradient quite steep ascending and descending the moor. Walking boots and appropriate clothing are advised.

2. Is there any likelihood of exposure to pets or other animals which may present a risk to the safety of the Inspector?

Cows or sheep may be grazing land crossed by the Order route. Walkers with dogs may also be encountered.

3. Is the site remote and/or can it be seen from other occupied buildings/property/public land/roadside?

The start and end points of the route pass residential properties but the route crosses open moorland which is more remote.

4. Does the site have a good mobile phone signal or is there easy access to a public telephone should the emergency services be required?

Mobile signal is variable and cannot always be relied on.

5. Are there any areas that require specialist equipment or training for access – any confined spaces?

No

6. Are there any dangerous pieces of equipment or substances stored at the location?

None identified.

7. Is there any likelihood of exposure to chemicals, asbestos, radiation or are there any other risks, requiring the use of Personal Protection Equipment, which may affect the health & safety of the Inspector? (Asbestos is referred to directly as it was present in buildings built before it was banned in 1977).

None identified.

8. If there is any other relevant information which the Inspector should be aware of that is not covered in this questionnaire?

It is possible to park at either end of the route although it is possibly a nicer walk and easier to park in the village of Wiswell – where there is also a village pub.
