

Health and safety at the site questionnaire

The Inspector will visit the site and will need to know what safety equipment and protective clothing to bring. The following questions indicate the type of information the Inspector will need about the site. Please supply any additional information on a separate sheet of paper.

1. Is the site uneven or does it present any other known risks? Is special footwear or any other Personal Protection Equipment required?

Access to the site involves walking along rural footpaths and walking boots are advised.

2. Is there any likelihood of exposure to pets or other animals which may present a risk to the safety of the Inspector?

May be necessary to cross fields grazed by horses, sheep or cows but no known risks.

3. Is the site remote and/or can it be seen from other highways or rights of way?

The site can be seen from existing recorded public footpaths.

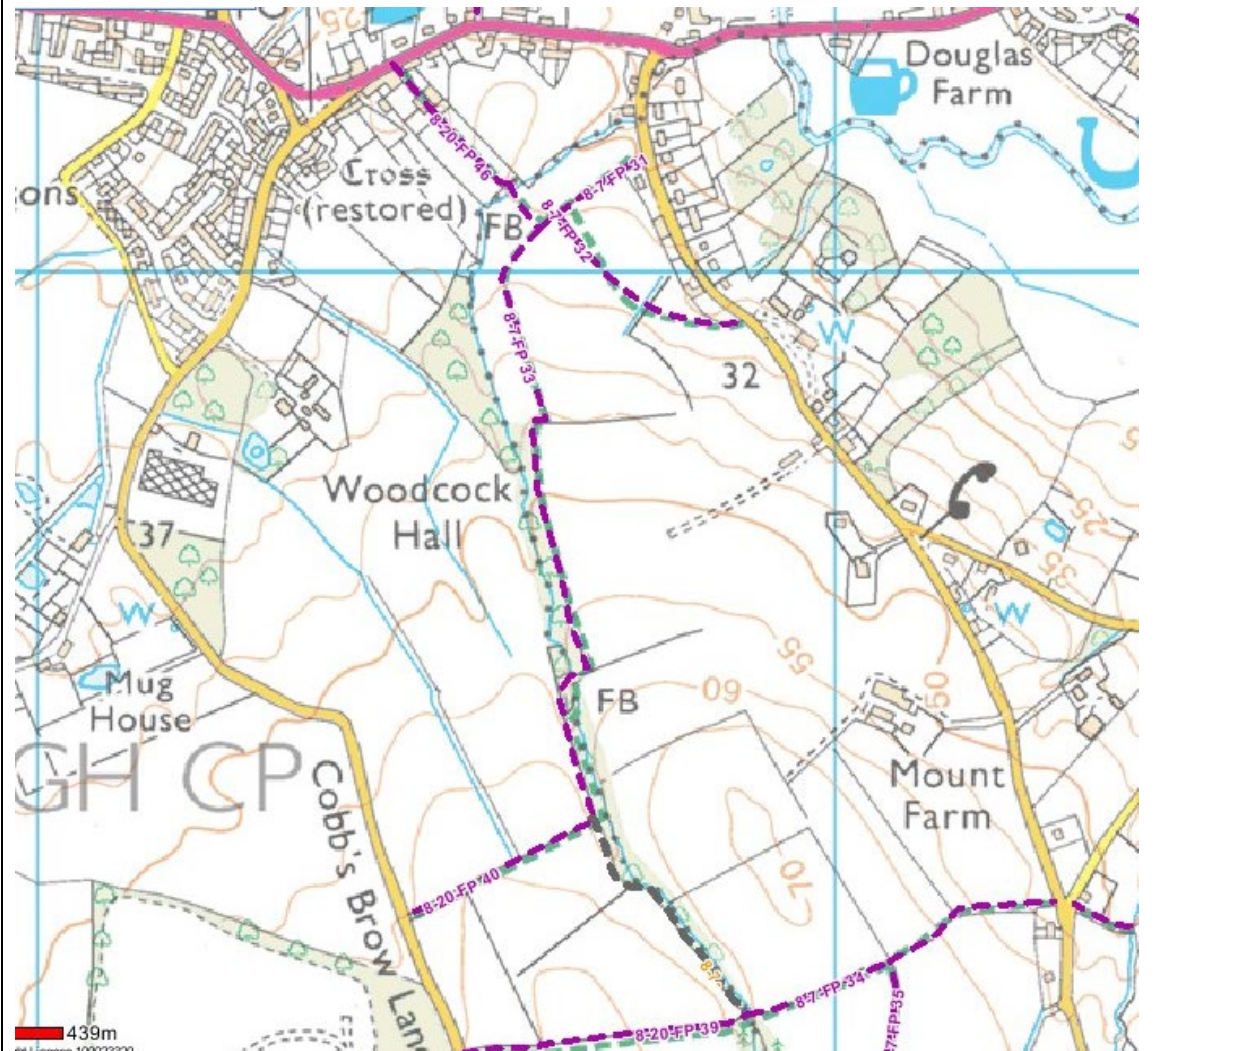

4. Does the site have a good mobile phone signal or is there easy access to a public telephone should the emergency services be required?

Good mobile signal on all networks.

5. Is the right of way easily accessible? Will arrangements for access by the Inspector need to be made in advance?

It will be necessary to walk along existing footpaths to view the route. The map below shows the footpath network. It is NOT advisable to try to park on Cobb's Brow Lane as it is a fast road with no parking spaces.

It is recommended to either park in Newburgh Village (there is a pub car park – The Red Lion, Ash Brow, WN8 7NF – opposite the start of Footpath 46 which leads onto FP 33 and will take you to the Order Route. Alternatively it is possible to park on Dungeon Lane (WN8 7RH) and walk west along Footpath 34 to get to the Order route.

6. Are there any dangerous pieces of equipment or substances stored at any point along the right of way?

None known of.

7. If there is any other relevant information which the Inspector should be aware of that is not covered in this questionnaire?

No.
