SD 40SE	SD 50SW	SD 50SE

The representation on this Map of a Road, Track, or Footpath, is no evidence of the existence of a right of way.

THE NATIONAL GRID			
TO GIVE A GRID REFERENCE CORRECT TO 100 METRES			
EXAMPLE			
The Grid Letters on this sheet are SD			
EAST		NORTH	
Take west edge of kilometre square in which point lies and read the large figures printed opposite this line on north or south margin.		Take south edge of kilometre square in which point lies and read the large figures printed opposite this line on east or west margin.	
53	7	08	4
Estimate tenths Eastwards		Estimate tenths Northwards	
537			084
Full 100 Metre Reference SD 537084			

The above Full Reference is unique. For many purposes the first grid letter can be omitted, giving a reference, D 537084 which recurs at intervals of 500 Kilometres. If both grid letters are omitted, the resulting reference 537084 recurs at intervals of 100 Kilometres. When the area concerned is sufficiently restricted, as will usually be the case with maps on scales of one inch to the mile and larger, both the grid letters are normally omitted.

At the Eastern edge of this sheet True North is 0°33' East of Grid North and at the Western edge 0°36' East of Grid North.

Magnetic North was about 94° West of Grid North in 1955 decreasing by about 1° in four years.

Heights are in feet above Mean Sea Level at Newlyn.

REVISION DIAGRAM

Printed and Published by the Director General of the ORDNANCE SURVEY, CHESHINGTON, SURREY, 1955.

Antiquity (Site of)	Park, Fenced	Orchard
Spot Height	Wood, Coniferous	Rough Pasture Heath & Moor
