

# 2025 Early Years Census Form - Guidance Notes

**NB – this form must be completed and submitted no later than Sunday 19th January 2025. Failure to do so will result in your spring term Early Education Funding (EEF) funding being delayed.**

Where possible, most of the boxes should already be pre-populated with last year's Early Years Census data. Please update accordingly and ensure all boxes are completed with current data during census week (w/c 13<sup>th</sup> January 2025) before submitting the census form.

Please ensure when the headcount form is completed that all child information requested is completed (ie child ethnicity) for any eligible children who you are claiming EEF for.

If you have no eligible children to claim for on your spring term headcount form, then you do not need to complete the census form.

-----

In the 'Forms' tab, you will need to select 'Early Years Census'.

Please note, for those providers with more than one provider type, you will need to ensure you select the correct provider type – ie the provider type that relates to the EEF before selecting 'Early Years Census'.

The screenshot shows a web interface for a provider. Indicate the total number of funded 9 month old to 23 month old children only at your setting. '0' means none at this age. This box must be completed.

**Staff Details:**

**Notes:**

- i) All boxes must be completed and a '0' inserted in the box(es) where no staff meet the qualification criteria.
- ii) Only the **highest** level qualification for each member of staff is to be recorded, double counting must not occur (eg, a member of staff has a level 2 and level 3 – only the level 3 qualification is to be recorded). The order the qualifications are to be returned are as follows:

Level 2

Level 3

Level 3 – Managerial (ie setting manager. This does not include room leaders or senior members who are not the setting manager)

EYPS

EYTS

QTS

*Example: 14 members of paid staff work with children under 5, therefore the total Nos of staff with qualifications must be equal to or less than 14.*

*2 staff have no relevant qualifications*

*6 staff have a level 2 (of these, 3 also have a level 3)*

*4 staff have a level 3 (of these, 3 also have a level 2)*

*1 member of staff has a level 3 Managerial (this member of staff (setting manager) also has an EYPS)*

*1 member of staff has an EYPS (this member of staff (setting manager) also has a level 3 Managerial)*

*Therefore, this would be counted as follows:*

*Nos of staff with a level 2 = 3*

*Nos of staff with a level 3 = 4*

*Nos of staff with a level 3 Managerial = 0*

*Nos of staff with an EYPS = 1*

*Total staff with relevant qualifications = 8*

- iii) *Volunteers should not be included in the staff numbers.*
- iv) *Childminders should include themselves in staff numbers. Childminders are considered to have a managerial role, so should be included in Nos of staff with a level 3 Managerial – unless they hold a higher level of qualification, in which case they should be recorded under the relevant qualification (EYPS, EYTS, QTS).*
- v) *Staff with graduate level qualifications excluding EYPS, EYTS, QTS (for example BA Early Childhood Studies, Foundation Degree etc) should be recorded as a level 3 as their qualifications allow them to practice at level 3 staffing ratios.*

Indicate the total number of paid staff working with children under 5 at your setting. This box must be completed.
