

**FOOTPATH  
ONLY**  
No bikes horses  
or vehicles

Meskin  
Wood lane.

To Meagan Brindle.

I putting together a short note to let you know how unhappy I am. We was hacking in Writington two weeks ago and discovered that some one has put a stile up ~~near~~ next to Writington Country club foot path I've been using this for 35 years. and about another 50 horse owners, around it's a safer way than going all the way round. I passed the BP petrol pumps, were a very bad accident would happen with the volume of traffic, even a famous cyclist got knocked off his bike 2 months ago! so a horse wouldn't stand a chance if we had to head round there instead of using the path I've for 35 year's

Q/W

Writington  
F 21 upgrading of F21 to  
Bridleway.

Dear Sir/Madam

Re:- Upgrading of FP21 Wrightington, Mossy Lea Road/Moss Lane  
File No: 804-561 to Bridalway

With regard to the above, I am now 71 years old and as a boy I used to ride my bike to school along this path every day and so did others, mums with prams also used to go through.

My daughters also use this path either walking or riding their horses and have done since they were 10 or 11 years old they are now 40 and 50 and still ride their horses along the path.

There is a major road only yards away which is hazardous for riders, this path saves them from going along the main road towards the motorway which has a heavy volume of traffic, and is not safe for both pedestrians and riders. For as long as I can remember there has never been a barrier across this path until now. I therefore appeal to you to leave the path as it has been enjoyed for years both for pedestrians and horse riders.

Yours,

*K. J. Mason*

Dear Madam

Please can you tell me why the footpath (F1P) 21 Wroughton Moss Lane to Mossy Lea Road -bridleway 804561) is no longer accessible?

I cycle on it with my young daughter from Standish to Rookcroft riding stables every two weeks. We are now forced to cycle over the M6 and through heavy traffic outside the B.P. petrol station in Wroughton + along busy roads. With an 8 year old

child it is now more  
dangerous to be cycling to her  
stables.

I look forward to hearing  
from you.

Yours faithfully

Y J Moogan

(Y. J. MOOGAN).

I am appalled that this very old footpath, from Mossy Lea Road Wrightington, coming out on Moss Lane someone is attempting to close it. "Metal Frame erected at Moss Lane end." Who has had permission to carry this out?

My late husband Thomas 19-32-2012. Walked me, and we had our bicycles. 1949 when we went to Benediction at St Joseph's RC Church, Stow Orchard Road. This was as popular as walking up Mesnes Road.

When Thomas attended "St Joseph's RC School." When school dinners were cleared away, he helped with another boy to carry a bucket containing swill for Father Duvand's pigs along this path to Church.

Later this was replaced by using a little truck, going along the same paths. Little bit of History. Young mothers, and grandparents are very upset. They can no longer push their prams and push chairs along this path.

To walk to the end of the road, then turn right its  
fast to dangerous these days. Big Wagons, impatient  
drivers. These don't go well with small children  
and pets.

To encourage the younger generation to  
keep fit and healthy, and those not as fit to  
be more active.

Please see this footpath is made useable  
for families. Not everyone drives a car.

To perhaps take a walk, with flowers, clippers  
and broom to tidy a grave.

Or perhaps take a flask and picnic, and  
take circular walk. The best things in life  
are free.

I do hope someone will be helpful

Sincerely  
S Wright
