Dear Sirs,

RE: FOOTPATH NO. 21 WRIGHTINGTON

I would refer to my letter of September, 1977 and your subsequent letter dated 1st June, 1978 in connection with use of Footpath No. 21 at Wrightington.

After having given this matter further consideration I feel that this footpath is no longer suitable to be used by horseriders. I do feel that my previous decision to allow horses along this path created endless of trouble and also made the surface of the path unsuitable. I therefore wish to change my decision to this path being used only by pedestrians. However, I must point out that on no account whatsoever must stiles, gates etc. be erected.

Yours sincerely,

*J. Laithwaite*
