To whom it may concern

I am writing to inform you that the other day when exercising my horse with my sister I was unable to find the path at Mossy Lea Road end.

I have used this track since I was a child, riding at Rocrofts Riding School in the seventies & eighties.

I always believed this was a bridleway as it is well used by horse riders in the area and I have used it on numerous occasions.

This route means that it is a lot safer way, instead of having to go past the garage and along main roads coming into very busy ~~roads~~^{roads} meeting high volumes of traffic.

I regularly exercise young horses which are very nervous on the roads until they build their confidence.

The route between Moss Lane & Mossy Lea Road has

was very useful and enjoyable. You can imagine
how upset I was to find it blocked/obstructed.

Yours Sincerely

St Boyton
