

We are
Community

The Pledge

During the year of developing communities,
we are committed to:

- Engaging with local community partners to meet the needs within it.
- Building effective relationships within our school community and beyond.
- Encouraging mutual respect and understanding in our local community.
- Giving our children opportunities to understand and appreciate the culture of communities in our world.
- Preparing our children for life in Modern Britain, encouraging them to live alongside others in harmony.
