Tatham; more details of these are in the Council minutes, which are on our website.

In 'Public Time' we also welcomed Richard Wilson who told us about Lancaster City Council's Climate Emergency Resolution, which aims to reduce the local carbon footprint. He suggested that Tatham Parish Council support the council and declare its own Climate Emergency Resolution. This would put forward ways to reduce carbon emmisions and would encourage:

More sustainable transport. Reductions in energy use in homes, businesses and elsewhere. Co-operation with organisations seeking to develop low-carbon and community-led affordable housing. Use and development of renewable energy. Production, sale and consumption of locally sourced food. Reduction in food and other waste. Any other methods of achieving these aims.

We plan to discuss this further at the next meeting on Thursday 19<sup>th</sup> November 2019, 7.30pm at St James the Less Church.

Parishioners who want to raise issues with the Council are always welcome to attend 'Public Time' at the start of the meeting. They are encouraged to stay through the meeting but do not take part in further discussions.
