

## Public Right of Way User Evidence Statement

*Revised April 2018*

This statement should be completed and returned to the person making the application so that it can be submitted with or form part of an application seeking a change to the Definitive Map and Statement of Public Rights of Way.

This statement is intended to provide preliminary evidence about the application. When the Order- Making Authority (OMA) commences detailed research, an officer from that authority may contact you to seek further information or ask you to be interviewed about your evidence.

This statement is designed to help establish whether or not the route being claimed in the application is a public right of way. It also provides evidence of how it is used (for example on foot, on horseback, by vehicles etc).

You should answer the questions as fully as possible and not keep back any information, whether for or against the public claim. This is important if this information is to be of real value in establishing the status of the application route. The information given may be examined at a public inquiry.

**This statement should be completed by one person only and should relate to only one route.** If you need more space please continue on a separate sheet which will need to be attached to this statement.

**If completing the statement by hand, please ensure it is written legibly and in black ink.**

### Confidentiality – Please Read Carefully

**The information you give in this statement cannot be treated as confidential.**

- It may be necessary for the OMA to disclose information received from you to others, which may include other local authorities, the Planning Inspectorate and other government departments, public bodies, other organisations, landowners and members of the public. If the application proceeds to a public inquiry your evidence will be made available to the inquiry.
- If the OMA proceeds with the application but it is contested (for example by a landowner), there may be a public inquiry. This will be held locally and if you are unable to attend your evidence will be given in writing, but user evidence is of much greater value if you attend in person and are prepared to answer questions about it. Inquiries are kept as informal as possible and the OMA will help you with the procedure.
- The information you give in this statement will be processed in accordance with the Data Protection Act 1998. It is held by the OMA's Rights of Way Service for the sole purpose of processing the application for the route referred to.

- e.g. "along the right hand side of the field about 1 metre from the hedge except about 100m in there was a metal water trough in the hedge and it was muddy so I walked further into the field to skirt round it; perhaps 10m from the hedge for about 25m along.)
