

Create a bespoke banner for your school.

Why not hold a Road Safety Poster Competition in school?

The winning entries could then be transformed into a banner or sign which can highlight these messages on the school gates.

- Pupils could design a Road Safety mascot / logo that can be adopted by the school.
- Posters could be designed to encourage drivers to park safely outside your school or wear seatbelts or slow down.
- Or how about pupils design a poster which describes their ideal outdoor environment, in which they would walk / cycle to school.

How to enter?

- Pupils could create posters during school council or in art / ICT lesson using activity sheet below.
- The artwork can then be used to create a banner which can be displayed on school gates to promote road safety messages to parents and drivers in the local area.
- We are able to assist you in creating the banner. Just scan the winning artwork (14 A4 sheets in portrait or 15 A4 in Landscape) and send to roadsafetyeducation@lancashire.gov.uk and we will liaise with the designers to get the banner created.

If you have any questions please contact roadsafetyeducation@lancashire.gov.uk
