THE NATIONAL GRID TO GIVE A GRID REFERENCE CORRECT TO 100 METRES

EXAMPLE: Ashton House

The Grid letters on this sheet are SD

PRESTON D.C.

Full 100 Metre Reference SD511302

The above Full Reference is unique. For many purposes the first grid letter can be omitted, giving a reference D511302 which recurs at intervals of 500 Kilometres. If both grid letters are omitted, the resulting reference 511302 recurs at intervals of 100 Kilometres. When the area concerned is sufficiently restricted, as will usually be the case with maps
