

We thoroughly enjoyed taking part in the accreditation process for the Equality and Inclusion Award with Lancashire County Council. It provided a valuable opportunity for reflection, learning, and positive change within our school community. The support from the Equality and Inclusion Team was invaluable throughout, with their guidance and the informative meetings helping to shape and strengthen our approach.

It was especially rewarding to see the enthusiastic participation of our pupils, whose involvement played a key role in shaping our activities and promoting positive attitudes across the school. The process has made a lasting impact, helping to foster a more inclusive, understanding, and respectful environment for everyone.

We would highly recommend other schools to engage with this accreditation and experience the many benefits it brings.

Sara Brooke, Chaucer Community Primary School.
