Description

PIVATS 5th Edition Products

Raising standards of achievement within an inclusive education system is an essential expectation for all pupils. All young people in our schools have the right to receive an education of the highest quality which is appropriate to their needs and aptitudes. They should achieve their full potential, regardless of special educational needs or disabilities, social or other contextual factors - and their achievements should be recognised.

Assessing small steps of attainment, setting challenging but realistic targets and tracking pupil achievement and progress are essential elements in this process.

PIVATS provides staff with a structured approach to assessing, planning for learning, tracking and measuring small steps in attainment. Using the PIVATS structure supports identification of small steps of progress within the PIVATS P Scale Milestones up to Milestone 4.

The PIVATS (5th Edition) for Listening and Understanding, Number, Reading, Shape, Space & Measure, Talking & Communication, Using & Applying and Writing is available in hard copy folder and electronic (PDF) format, priced as per the table below. We are now no longer predominantly office based and so there could be a slight delay in dispatching hard copy folder orders. The electronic (PDF) versions of the milestones will be e-mailed to customers

A number should be placed in the "Qty" (quantity) box, once you have done this you should click on the button labelled "Add to Cart" (circled above).

Once you have done this you will see that your cart will be populated with your order in the top right hand corner of the screen (see example below):
