

Traffic Calming
Branch Road, Mellor Brook

Statement of Reasons

The purpose of the raised table at the junction of Branch Road and Lancaster Drive are to support and self-police the proposed change in speed limit (under a separate order), in the interest of highway safety for all users.

The proposals also allow safer passage of pedestrians and mitigate against the increase in traffic and pedestrian movements from the new development.

The pair of existing speed cushions at this junction will be removed due to the conflict with the new junction table.

The proposals are being pursued as part of a Section 278 agreement under the Highways Act 1980. These proposals are being funded fully by the developer and are linked to the new housing development and associated planning conditions.
