

BSIPs - A59 Liverpool Road, Bretherton

SPEED LIMIT ORDER

STATEMENT OF REASONS

It is proposed to extend the length of the existing 40mph speed limit and subsequently reduce the length of the existing 50mph speed limit on the A59 Liverpool Road, Bretherton.

The 40mph speed limit extension aims to compliment the proposed bus service enhancement measures in the area which include, bus stop clearways, bus stop relocation, bus boarding areas, bus shelters and a pedestrian refuge island. The proposed reduction in speed limit aims to provide drivers and pedestrians with more reaction time to hazards and create a safer environment.
