

Health and safety at the site questionnaire

The Inspector will visit the site and will need to know what safety equipment and protective clothing to bring. The following questions indicate the type of information the Inspector will need about the site and any land or building that the Inspector will need to enter. Please supply any additional information on a separate sheet of paper.

1. Is the site uneven or does it present any other known risks? Is special footwear or any other Personal Protection Equipment required, and will this be supplied at the site?

The Lane is made up of a combination of tarmac and compacted stone. In places there are potholes but no special footwear or equipment is needed. Vehicles may be present on or along the lane.

Dog walkers may be encountered and there have been occasional reports regarding dogs present at Mere Farm.

There is good mobile coverage.

Nothing identified.
