COMPILATION DATA

Levelled.....1968  
Boundaries.....Apr 1976

† 1:2500 scale  
(a) Surveyed.  
(b) Reconstructed from former County Series plans and revised.  
(c) Revised.

Surveys of changes since the publication of this plan may be available. Enquiries should be addressed to the Director General or to the local Ordnance Survey office.

HEIGHTS are given in METRES above the Newlyn Datum.  
Bench mark lists, which may contain later levelling information and particulars of bench marks to which no values have been shown, are obtainable from the Director General, Ordnance Survey.  
The representation on this plan of a road, track or path is evidence of the existence of a right of way.  
The alignment of tunnels where shown is approximate.

Details of symbols and abbreviations used can be obtained from Ordnance Survey, Southampton.

PLAN SD 7444

BOUNDARIES

| ENGLAND & WALES           |       | SCOTLAND                  |       |
|---------------------------|-------|---------------------------|-------|
| County                    | ..... | Region or Islands Area    | ..... |
| District                  | ..... | District                  | ..... |
| London Borough            | ..... | Not shown                 | ..... |
| Civil Parish (England)    | ..... |                           |       |
| Community (Wales)         | ..... |                           |       |
| Electoral Division        | ..... | Electoral Division        | ..... |
| Ward                      | ..... | Ward                      | ..... |
| Constituency (Co or Boro) | ..... | Constituency (Co or Boro) | ..... |

Coincident boundaries are shown by the first appropriate symbol above, e.g. Boro Const & ED Bdy.

For Ordnance Survey purposes County Boundary is deemed to be the limit of the parish structure whether or not a parish area adjoins.

| Boundary markings               |       | T.B. Top of Bank      |       |
|---------------------------------|-------|-----------------------|-------|
| B.B. Base of Bank               | ..... | Tk H. Track of Hedge  | ..... |
| C.B. Centre of Bank             | ..... | Tk S. Track of Stream | ..... |
| C.C.S. Centre of Covered Stream | ..... | Und. Undefined        | ..... |
| C.D. Centre of Drain, etc.      | ..... |                       |       |
| C.R. Centre of Road, etc.       | ..... |                       |       |
| C.S. Centre of Stream, etc.     | ..... |                       |       |
| Def. Defaced                    | ..... |                       |       |
| E.K. Edge of Kerb               | ..... |                       |       |
|                                 |       |                       |       |

Imperial equivalents for metric boundary markings  
0.91m = 3ft 1.22m = 4ft

One grid square on this plan represents one hectare.  
1 metre = 3.2808 feet  
1 foot = 0.3048 metre

Made and published by the Director General of the Ordnance Survey, Southampton.

AREAS  
Area measurement is to plan edge only.  
The number and area, in hectares (ha) and acres, is shown within each parcel of land.

EXAMPLE:  
4267.....parcel number  
1-809ha.....area in hectares  
4-47.....area in acres

When identifying a parcel it is important to specify the number of the plan on which it falls.  
Enclosures or features joined for measurement of area.....  
Limit of area within which individual parcels are not shown.....  
To convert hectares to acres multiply by 2.471 05  
To convert acres to hectares multiply by 0.404 69

NATIONAL GRID REFERENCE  
The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference defining the position of a point to within 10 metres proceed as follows:-  
EXAMPLE from sheet TQ 0529  
1. Take the two letters preceding the sheet number.....TQ  
2. Take the west edge of the grid square in which the point lies and read the figures opposite this line on the north or south margin.....058  
3. Take the south edge of the grid square in which the point lies and read the figures opposite this line on the east or west margin.....291  
4. The full ten metre reference is then given by the four figures 058 291 followed by the Easting and then by the Northing.
